

7/25/18

To Whom It May Concern:

It is my pleasure to share the amazing experience we have had in partnering with the Peter Marsh Foundation and their recognition of the Silent Servant Award.

This past year we were given the privilege to partner with the Peter Marsh Foundation in recognizing one of our very own Horizon Christian High School students. The Silent Servant Award recognizes students for the work they do in their schools, community, or churches as volunteers without receiving compensation or academic credit. This award recognizes a unique opportunity schools have to come alongside of students to in essence *"catch them doing good."*

In 2018 we chose one of our graduating seniors, Selah Lubben, as our candidate for the Silent Servant Award. Selah throughout her time at Horizon Christian displayed exemplary character in volunteer service to her church, community, school and several non-profits. Selah was active in volunteering as an assistant volleyball coach at our Middle School, was active in leadership in Wilsonville Young Life, and additionally mentoring young teenage girls in her church.

As a school that places a high value on character, integrity and service to others, I was extremely grateful for the opportunity given us by the Peter Marsh Foundation to recognize characteristics in our students that we work hard to foster.

I would encourage every school to work to partner with organizations and programs like the Peter Marsh Foundation and the Silent Servant Award to celebrate students who are actively working to improve their communities and invest in the future.

Thank you for your consideration of this amazing program and please do not hesitate to reach out to me if I can provide any additional information.

Blessings,

Dan Clements
