WHAT CLUB LEADERS ARE SAYING

*"This program should be in
Every High School in America!"*

"Pathways club has fostered in our students a strong sense of community and social responsibility, providing a valuable platform for students to actively engage in meaningful activities that not only benefit others but also contribute to their personal growth and development."

Why?

The Pathways Club liberates the suppressed emotions and potential of trauma-impacted students by demonstrating that they are better than their circumstances imply; that their environment neither defines them nor limits their ability to choose a life with a higher purpose.
